Reference : Resignation from post

Dear members of the board,

I would like to use this letter to confirm my resignation from the board of the EUROSINT FORUM. As you know, this already took place effectively in February of 2008, but as you have informed me recently this was not notified to the authorities with publication in the "Moniteur Belge". Hence please use this letter to confirm the resignation with all legal authorities and to take any necessary measures in that regard.

I am only sorry we have not been in closer contact for over a year now, but as you will appreciate, the pressure of work has been enormous, and I have rarely visited Brussels since. Let me thus use this occasion to wish every success to the EUROSINT FORUM in its work going forward, and to ask you to pass on my full support to forthcoming AGM.

Yours faithfully

Adrian Taylor
